NEW ROAD AT POWDER PLANT

Two-Mile Section, To Avoid Danger Zone, Costs \$1500; Work On Plant Rushed

A two-mile section of roadway is being built under the direction of the county engineer, at the plant of the Apache Powder Company at St. David on account of the old road being located in the danger zone of the powder plant. The new road will follow a course around the foothills next to the river.

The board of supervisors and Sid Smyth, county engineer, inspected the work Monday. Smyth advised the board that the construction of the two-mile stretch will cost less than \$1500. It will be completed about April 1.

The board found that work at the powder plant is progressing rapidly, and that the manufacture of explosives will be started soon.

Many of the warehouses have been completed, and construction of the power house is being delayed through delay in structural work, machinery being on the ground and ready to be installed.

The board contemplates a trip to the completed stretch of the Benson Valley highway in the near future, looking over particularly that stretch between Benson and the Cochise county line.

Frank Averill Wins Gilman Ring Contest

The diamond ring contest for a \$400 ring, which has just closed at the L. Gilman jewelry store, was won by Frank Averill, whose guess was \$502.94. The actual contents of the glass jar was \$502.93. The next closest were G. F. Hagler, J. H. Rouse, and Mrs. J. H. Verfurth, who guessed \$503.00 each. These were followed closely by Ben A. McNelly, \$503.07, Hazel Walsh, \$503.20 and I. A. Rosak \$503.54. The count of the money was made by C. S. Thompson of the Bank of Bisbee.

BELGIAN BILLIARDIST GAINS

NEW YORK, March 22.—Edouard Horemans, Belgian billiard champion, gained on Welker Cochran, of San Francisco, although each won a block today in their 4800 point match at 18.2 ball. Horemans' grand total is 1600 and Cochran's 1297. Their respective averages thus far are: 57.7-27 and 48.1-27.

IN THE COURT

A verdict for the defendant was returned yesterday afternoon by a jury in the superior court in the case of M. A. Strahan vs. James Butler, which involved an alleged breach of contract in the payment of wages. Strahan was employed as a baker by Butler. The contract provided that the standard of bakery products should be upheld, and Butler defended his position in breaking the contract by proving otherwise. Flannigan and Murry were attorneys for Butler and Winters and Thomas for Strahan.

A jury was being selected yesterday in the superior court to try the case of Sandoval vs. Fawcett, a Douglas case in which the plaintiff is suing for damages on account of the death of a child. The case will be on trial today and is expected to be completed this evening.

F. R. Monk and L. R. Smith, private stationers at Camp Harry J. Jones, who pleaded guilty to burglary in the second degree, having robbed the residence of H. B. Rice in Douglas, were sentenced yesterday by Judge Lockwood in the superior court to from one to three years in the state penitentiary. They will be removed to the penitentiary today by Deputy Sheriff Rafferty.

Clara West and Ethel Ross, arrested Monday night by city police, pleaded guilty yesterday in police court to charges of vagrancy, and were fined \$100. They were allowed until 6 o'clock last night to raise the money with the understanding that they could go as far as they liked to get it.

Louis C. Pesqueira was fined \$5 yesterday in police court on a charge of parking his car in a prohibited place.

In Judge Sames' Division No. 2 of the superior court Monday, S. L. Land, prominent mining operator of Dos Cabezas, was granted a divorce from his wife Anna L. Land. The plaintiff was also granted the custody of his three minor children.

Judge Patton, of Tucson, will be in Tombstone this afternoon hearing a contested divorce case in which both Judge Lockwood and Judge Sames have been disqualifed. The case is Wylie vs. Wylie and involves property interests.

NOTICE TO PYTHIAN SISTERS
All Pythian sisters are requested to meet at Odd Fellows Hall at 1:00 p. m., today to attend the funeral of sister Callister's husband. All sisters should be in white.

BILLS PROVIDE IRRIGATION AID

600,000 Acres in Arizona To Be Reclaimed Under Measures, Asserts Crosby

M. P. Crosby, deputy game warden of Benson, was in Bisbee yesterday afternoon. Crosby is particularly interested in and well informed on the various reclamation projects contemplated within the state. He spent several weeks at the capitol during the session of the legislature working for reclamation bills, all of which passed. Crosby explained that under these bills the state will issue bonds in lieu of irrigation district bonds, and that the state will be amply protected and at the same time unreliable projects will not be able to get state aid.

Crosby said that under these bills 600,000 acres will be brought under cultivation in the state in the next few years, and \$135,000,000 of taxable wealth will be added to the state.

Boosts Borderland Route

Crosby said that Benson people in general regret that residents of Bisbee have gained the impression that tourists are being routed from there by way of Willcox instead of via the Borderland route. He had just made a trip to Rodeo so that he would have personal knowledge of the road, and declared that from Douglas for 25 miles the road is as good as the highway to Benson, and that the rest of the road to Rodeo is not quite so good in places on account of the fact that it is being worked. When this work is completed, Crosby said, there will be a fine road all the way across Cochise county, and in his opinion all through traffic will save time and have a more interesting route by traveling that way.

There are a great many quail in the valley now, according to Crosby, in some places so many that they are a nuisance to the farmers.

NOTICE TO THE PUBLIC

The sale of J. W. Widmer's effects advertised to take place March 21st, has been postponed until noon, Saturday, March 25th.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.
